

STAT

Re [redacted] item 2.c. - Type of Contract will be CPFF instead of T&M--
we are going to wait 4: 1/2 months and then definitize which is to our benefit.

Re 2.f.(6), (8) & (9). Kiefer was to have meeting 16 Feb w/contractors and ARDC and discuss at that time the use of AEDC test cells and notification to WADC powerplant people. However Dan later called and said that because of a policy matter at ARDC this meeting is being held up. Perhaps Appold will mention this to you.
